

## **Planting a Flower Sequencing Activity**

### **Instructions**

#### **What You'll Need:**

- planting a flower pictures (printed and cut apart)
- sequencing page with 6 blanks (printed)
- glue

#### **What to Do:**

1. Give each child a blank six-step page, the planting a flower pictures, and some glue.
2. Have the students place the pictures in the correct order.
3. Once you have checked their sequences, let them glue the pictures onto the blank page.
